

TURNER AND DICKENS WALK

The Turner and Dickens walk connects Margate and Broadstairs. It is named in recognition of the two towns' respective links with the world-renowned artist JMW Turner and author Charles Dickens. It is a four-mile signposted route that can be walked in either direction.

Local people identified the walk as a priority following the publication of the Thanet Walking Strategy. Much of the walk is based on the ancient path linking St-Peter-in-Thanet Church, Broadstairs, with St John's Church in Margate. It combines urban and rural Thanet, starting and finishing at the two harbours which date back to the Tudor period, one facing north and the other east.

The Mosaics. A key feature of the walk is art inspired by Turner and Dickens. Mosaic panels were installed in each town. Internationally renowned Broadstairs mosaic artist, Martin Cheek (www.martincheek.co.uk) worked with children from Upton School, Broadstairs and St. John's School, Margate on the design and installation. The mosaics are maintained by Broadstairs and Margate Town Teams, with additional funding from Broadstairs and St. Peter's Town Council.
